

I strongly discourage you from expanding the service of LPFM stations in such a way that they would have priority over FM translators. Our local translator for K-Love FM serves a vital role in providing family-friendly programming in our rural area. There is no other station in our area that plays contemporary Christian music and without K-Love's commitment to broadcasting over translators, this segment of the population would not be served. The message of K-Love is positive and uplifting -- it encourages my family and is appropriate for young and old to listen to. We don't have to worry about monitoring indecent material when K-Love is on. In an era when so much media is damaging, please don't limit the effectiveness of this translator station. Thank you.
